A person wearing a blue and yellow plaid shirt is seated at a table outdoors, surrounded by various art supplies. The table is cluttered with paintbrushes in a purple mesh holder, a pink plastic cup, a blue spray bottle, a green spray bottle, and several paint containers. A blue box with a white star pattern and a small photo is also visible. The background shows a paved ground and a wooden easel.

The Filigranes Company was founded in 2004 by two clowns, but from 1996 onwards, Jordi Torrens (Trinxeta) and Albert Pérez (Makutu) have been together in scene.

The headquarters are located in Terrassa, at the premises of the circus association Tub d'Assaig 7'70, of which they are founders and active members. They also take part in the Clowns Art and Effect Association, and have been part of other groups of clowns, circus and street art: Alternatiu X, Sàtirs, Pallassos Perillassos, S3 De Riure, La Cremallera Teatre, Comediants, Pallassos sense Fronteres and Improvisto's Krusty Show.

They have acted in the Major Festivals of cities, towns and neighborhoods, theaters and festivals, have performed and co-created several circus raffles and accumulate a wide range of workshops and recreational and educational activities.

SYNOPSIS

## MAKEUP WORKSHOP

The facial art of fantasy allows us to create our own and unique character!

The skin will become our own mask and will help us to stimulate the imagination. So, when it ends ... just look at the faces and get into the character!

A photograph of a man and a young child. The man, on the left, is wearing a large blue hat with a wide red band and a blue plaid shirt. He is looking towards the child. The child, on the right, is wearing a purple headband and an orange shirt. The child's face is painted with Spider-Man makeup, featuring a red base, black spiderweb patterns, and white eye sockets. The background is slightly blurred, showing a colorful display.

### WHAT WILL WE LEARN?

With this workshop we will offer you a range of fantasy makeup techniques: with brush, sponge, fingers ...

With the help of our workshop workers, boys and girls will create their own outline. Together, we will choose the colors and we will learn what are the most appropriate techniques for each case.

A woman with dark curly hair, wearing a red turtleneck and a patterned apron, is applying red face paint to the cheek of a young girl. The girl is wearing a yellow headband and a denim jacket. They are outdoors, and the background is slightly blurred. The woman is looking down at the girl's face with concentration. The girl is looking towards the camera with a slight smile. There are some colorful objects, possibly art supplies, in the foreground.
