PALLASSOS

A high-angle photograph of a child's hands playing with soapy water. The child is using a blue sponge to scrub a red plastic bucket filled with white foam. Next to it is a white bowl also filled with soapy water. The scene is set on a red plastic table outdoors, with a green lawn visible in the background. The child has dark, curly hair and is wearing a blue shirt with a colorful pattern.

The Filigranes Company was founded in 2004 by two clowns, but from 1996 onwards, Jordi Torrens (Trinxeta) and Albert Pérez (Makutu) have been together in scene.

The headquarters are located in Terrassa, at the premises of the circus association Tub d'Assaig 7'70, of which they are founders and active members. They also take part in the Clowns Art and Effect Association, and have been part of other groups of clowns, circus and street art: Alternatiu X, Sàtirs, Pallassos Perillassos, S3 De Riure, La Cremallera Teatre, Comediants, Pallassos sense Fronteres and Improvisto's Krusty Show.

They have acted in the Major Festivals of cities, towns and neighborhoods, theaters and festivals, have performed and co-created several circus raffles and accumulate a wide range of workshops and recreational and educational activities.

A man in an orange shirt is blowing a large, iridescent bubble through a ring. A child in a striped shirt and a cap is watching him. Another person is visible in the background, also engaged in the activity. The scene is outdoors with trees in the background.

SYNOPSIS

SOAP BUBBLES WORKSHOP

How is it possible ?!

A soap bubble bigger than your head! Do you want to do it with your own hands?

We'll fill it with soap bubbles of different sizes! We'll make you dance and fly! Come and discover this so peculiar and creative technique.

A group of children are outdoors in a grassy area with trees in the background. One child is using a large orange tube to blow a long, thin stream of soap bubbles. Another child is holding a red and blue striped ring, possibly a bubble wand. A large, iridescent bubble is visible in the air. A red bucket is in the foreground, and a small wooden structure is in the background.

WHAT WILL WE LEARN?

We will learn to prepare the right mix and how to use different devices in order to achieve incredible bubbles in constant motion!

Teachers will demonstrate and guide us in learning the art of making bubbles through various devices in contact with water and soap.

We will enter into a world of forms and colors that we will learn to manipulate according to our desire!

A photograph of children participating in a soap bubble workshop outdoors. A boy in a red shirt is reaching up to catch a large, iridescent soap bubble. Another boy in an orange shirt is looking up at the bubble. In the foreground, a boy in a dark shirt is dipping a stick into a red bucket of soapy water. The background shows green trees and foliage.

TECHNICAL CARD

SOAP BUBBLES WORKSHOP

- Seasonal workshop, it is recommended to do it outside, use comfortable clothes and shoes that can get wet.
- A water point is needed next to it (preferably with a hose).
- A point of light is necessary.
- The number of shopkeepers will depend on the volume of participants.

HEALTH AND CIRCUS!
